**L**  
 Our fee-for-service program aimed to  
 increase the number of students who  
 graduate from high school and  
 attend college. We provided a  
 scholarship to students with a  
 demonstrated financial need and  
 high academic achievement. Our  
 program also provided a head start  
 program for students who are  
 academically at risk. The  
 program was a success as it  
 increased the number of students  
 who graduate from high school  
 and attend college.

**A**  
 A year after the program, we  
 conducted a follow-up study and  
 found that students who  
 received the scholarship were  
 more likely to graduate from  
 high school and attend college  
 than those who did not receive  
 the scholarship. The program  
 also had a positive impact on  
 the students' financial situation  
 as they were able to pay for  
 their education without incurring  
 significant debt.

**L**  
 There are many factors that  
 influence a student's academic  
 success. Some of these factors  
 include socioeconomic status,  
 family structure, and access to  
 quality education. Our program  
 was designed to address these  
 issues by providing students with  
 the financial resources they need  
 to attend college. We also  
 provided students with the support  
 and encouragement they need  
 to succeed in college.

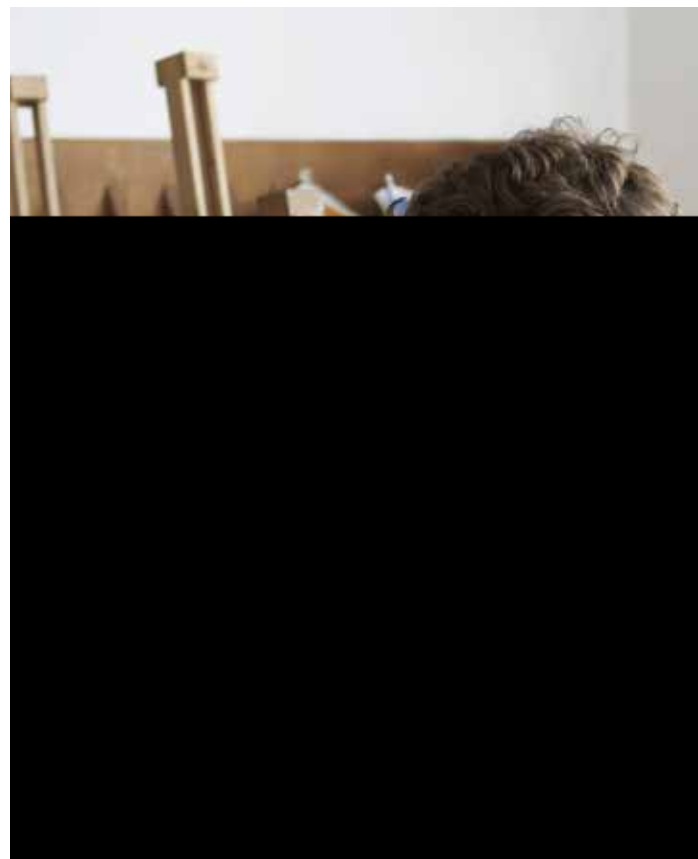

**The Learning Resource Center**  
 provides a variety of services  
 to help students succeed in  
 college. These services include  
 tutoring, writing assistance,  
 and academic advising. We  
 also offer a variety of workshops  
 and seminars that focus on  
 college readiness and success.  
 Our goal is to provide students  
 with the resources they need  
 to achieve their academic goals.

Think of our program as a launchpad: Once you learn how to navigate any special challenges that you face, you can discover new ways to do well and get ahead.
